How to Support Students During Reading

Encourage Sounding Out

If a student is stuck on a word, prompt them to say the sound for each grapheme and blend the sounds together.

Avoid asking the student to guess a word from the first letter or pictures.

Explain Special Words

Special Words are more difficult to sound out. If a student is stuck on a Special Word, explain how to read the word and model it for them. For example, for the word *was*, you could say: 'This word is tricky because the **a** shows /o/ and the **s** shows /z/. Watch me read it: /w/, /o/, /z/, was.'

Correct Errors

If a student makes an error, stop and correct. For example, if a student reads *bag* as *bat*, you could:

- Repeat the error back to the student: 'Bat? Is this word bat?'
- Point to the part of the word they read incorrectly: 'This **g** shows /g/. Read the word again.'

Discuss Word Meanings

Pause to discuss the meaning of unfamiliar words and words with multiple meanings.
