Sound Waves Literacy Components

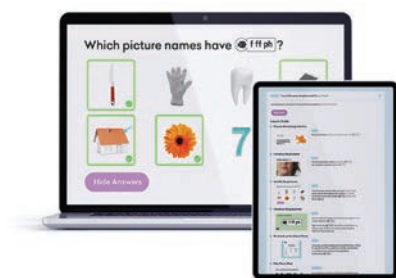

The Sound Waves Literacy program (F–6) consists of online teaching resources, Student Books, Decodable Readers and extra resources.

Use this document to understand how Years 1 and 2 of Sound Waves Literacy comprehensively meet the outcomes and content for Phonic Knowledge, Spelling and Reading Fluency in the NSW Stage 1 Syllabus.

Additionally, refer to this document to see how Sound Waves Years 1 and 2 align with the suggested NSW Stage 1 instructional sequences for grapheme–phoneme correspondences.

Sound Waves Literacy Online

Sound Waves Literacy Online is home to all your teaching resources. These include lesson guides, slideshows (featuring videos and interactive tools), projectable Decodable Readers, assessments and more.

Student Books

Student Book activities provide students with immediate consolidation and practice of the knowledge and skills taught in the **Sound Waves Literacy Online** lessons.

Decodable Readers Foundation and Year 1

The **Decodable Readers** provide Foundation and Year 1 students with targeted reading practice. The books follow the same sequence of phoneme–grapheme relationships taught in the lessons.

The Decodable Readers are available in three levels of difficulty: Support, Core and Extended.

Extra resources

A variety of extra resources, such as charts and cards, is available to provide ongoing support for students' reading and spelling.

PHONIC KNOWLEDGE EN1-PHOKW-01: uses initial and extended phonics, including vowel digraphs, trigraphs to decode and encode words when reading and creating texts.	Single-syllable words	blend grapheme–phoneme correspondences to read CCVCC words, CCCVC words and CCCVCC words and apply this when reading texts	CCVCC Focus Words: • Units 6, 16, 26 Decodable Readers: • Book 2 b, bb (extended) • Book 3 a (core and extended) • Book 5 e, ea (core and extended) • Book 6 d, dd (core and extended) • Book 7 i (core and extended) • Book 8 f, ff (core and extended) • Book 9 o, a (core and extended) • Book 10 g, gg (core and extended) • Book 11 u, o (core and extended) • Book 12.1 h (core and extended) • Book 12.2 j (core and extended) • Book 13 ai, ay, a_e (core and extended) • Book 14 l, ll (core and extended) • Book 15 ee, e, ea, y (core and extended) • Book 16 m, mm (extended) • Book 17 i_e, y, igh (core and extended) • Book 18.1 n, nn (extended) • Book 18.2 ng (core and extended) • Book 19 oa, o_e, ow, o (extended) • Book 20.1 p, pp (core and extended) • Book 20.2 r, rr (core and extended) • Book 21 ar, a (core and extended) • Book 22 s, ss, x, se (core and extended) • Book 23 ir, ur, er (core and extended) • Book 24 t, tt (core and extended) • Book 25 or, ore, a, aw (core and extended) • Book 26.1 v, ve (core and extended) • Book 26.2 w, wh, u (core and extended)	CCVCC Focus Words: • Units 2, 3, 5, 6, 8, 18, 19, 20, 24, 31 CCCVC Focus Words: • Units 15, 20, 24, 32 Note: Many CCCVCC words are formed by adding the suffix s or ed to CCCVC words. For example, <i>scrub</i> (CCCVC) becomes <i>scrubs</i> (CCCVCC), or <i>splash</i> (CCCVC) becomes <i>splashed</i> (CCCVCC). Students learn the suffixes s and ed in Years 1 and 2, and CCCVC Focus Words in Year 2. This allows them to begin reading and spelling many CCCVCC words.

Note: Teachers may find Sound Waves Literacy resources also address other outcomes in the NSW Syllabus. For example, *EN1-RECOM-01: comprehends independently read texts that require sustained reading by activating background and word knowledge, connecting and understanding sentences and whole text, and monitoring for meaning*, can be addressed when using the projectable or class sets of Sound Waves Year 1 Decodable Readers, particularly when using the Book Chat questions at the back of each book. Each week students explore a variety of Tier 1, 2 and 3 vocabulary using the Focus Words, this learning forms the foundation of covering the outcome *EN1-VOCAB-01: understands and effectively uses Tier 1, taught Tier 2 and Tier 3 vocabulary to extend and elaborate ideas*.

Understanding Different Instructional Sequences

The suggested NSW Stage 1 instructional sequences for grapheme–phoneme correspondences provide general advice for sequencing the teaching of phoneme–grapheme relationships in Stage 1. The K–2 sequence is a ‘suggested example that schools may adapt or adopt’¹ and ‘not all grapheme–phoneme combinations have been included’¹.

Years 1 and 2 of Sound Waves Literacy are taught in a different sequence to the suggested Stage 1 instructional sequences. There are four main reasons why the Sound Waves Years 1 and 2 sequence intentionally differs from the suggested Stage 1 instructional sequences:

1. To prioritise revision

In Sound Waves Literacy, many graphemes from previous years are retaught as it can take multiple years of instruction and practice before students cement their understanding of phoneme–grapheme relationships.

The suggested Stage 1 instructional sequences include limited revision of previously taught phoneme–grapheme relationships. For example, of the 58 phoneme–grapheme relationships listed in the suggested Early Stage 1 sequence, 26 are not included in the suggested Stage 1 sequences.

Despite the limited revision opportunities included in the suggested Stage 1 sequences, the NSW Department of Education suggests teachers plan and deliver ‘explicit, systematic and cumulative phonics lessons’¹ and that they ‘review and repeat Early Stage 1/Stage 1 content while introducing new GPCs.’¹

2. To ensure the difficulty level steadily increases

In Sound Waves Literacy, instruction is structured to move from simple to more complex concepts across the year. For example, short vowel graphemes and single consonant graphemes are revised in Term 1.

In the suggested K–2 sequence, Year 1 begins with complex vowels, so, the first week of instruction begins with the split digraph **a_e** (a difficult vowel grapheme).

3. To cover all common and useful phoneme–grapheme relationships

In Sound Waves Literacy, all common and highly useful graphemes appropriate for Years 1 and 2 students are included in the teaching alongside those that are more unusual.

In the suggested Stage 1 sequences, some common phoneme–grapheme relationships appear in just a few words or in words beyond the difficulty level appropriate for Years 1 and 2 students. For example, the advanced and uncommon graphemes **c** for  **ch** **tch**, **rh** for  **r** **rr** **wr** and **ps** for  **ss** **se** **ce** **x** **c** are included in the suggested sequence for Year 2. More common and useful phoneme–grapheme relationships are also left out of the suggested Stage 1 sequences. For example, the graphemes **nn** for  **n** **nn** **kn** and **a** for  **or** **ore** **a** **aw** **au** are not listed in the suggested K–2 sequence.

4. To cover morphology

Sound Waves Years 1 and 2 include multiple lessons on morphology (prefixes and suffixes), which are a critical component of reading and spelling instruction, including:

- adding inflectional suffixes (**ed**, **ing**, **s**, **es**, **er**, **est**) to words that do not require a base change
- doubling and dropping **e** and changing **y** before adding inflectional suffixes
- prefixes (**un**, **re**)
- derivational suffixes (**y**, **less**).

The suggested Stage 1 instructional sequences do not cover morphology.

Refer to the *Sound Waves Literacy Scope and Sequence* for a more complete picture of the content taught in Years 1 and 2 of Sound Waves.
