

Early Years Dictionary

Queensland Beginner's Alphabet

How to Use this Book

Have children sound out and say the letters of the alphabet from A to Z, turning each page as they do so.

“Don’t fall asleep
by Zzzzzzz.”

Ask children if they have a favourite letter of the alphabet.

Have children locate pages by letter (for example, Ww, page 44) to familiarise themselves with the alphabet and layout of the book. You could make a game out of this!

“I’m looking at
you on page 32.”

Say a page number or letter of the alphabet, and have children compete in a race to be the first to answer correctly.

Discuss Headings from Topic pages 48–64. Ask children to pick an animal from pages 60–61 and describe it.

“Hey! Where’s
my nose?”

Have children complete the activities on the Topic pages.

Choose a word, say the first sound, say the letter, then find the page it belongs to in the book. If the word is not already in the word list, have children write it on one of the lines.

“Not tricky
enough for me!”

Turn to the inside back cover and have children write any tricky words they may have misspelled.

Discuss and supervise regular use of this book with children to enable their successful development of dictionary skills, correct spelling and word selection.
